Sebastian is a rare talent who possesses both business acumen and technical expertise.

I am thrilled to see Sebastian's new company and would like to extend my heartfelt congratulatior business acumen and technical expertise. I first met him when he was helping a German company company set up operations in Shanghai. This demonstrated his sharp insight, decisiveness, and ab

ID: 3302

A trusted bridge connecting businesses between China and Germany

SKR has rich experience in business dealings between China and Germany. It helped us as Chinese also provides numerous reliable resources to make the entire business process smoother and mor an experienced and reliable partner but also a trustworthy friend. We are lucky to meet him and w

Does the job and does it well

A while back, I came across a YouTube video demonstrating the brake light kit (honestly, the third aftermarket supplier like Billetworkz. However, the way the third brake light is designed was drivin 6 months and its holding up great (looks oem too). I'd...

ID: 3284

Fr-s 3rd brake light lowering kit

This kit eliminates the gap between the 3rd brake light and the rear deck. This was the only kit I fo Sebastian and was able to get the parts right away. Really great customer service too.

ID: 3285

Simple Installation!

Shipping took roughly 2 weeks, but everything came as advertised, quality material, and the packa lowering kit) Sebastian is also very responsive when it came to emails regarding tracking. 10/10 re
